March 2009

---

NETZSCH Fine Particle Technology LLC, Exton, PA, has named **John Hill** application and process advisor. In this position, Hill will work closely with NETZSCH customers in a variety of industries to solve challenges regarding nanotechnology implementation. He will also provide process support for the regional sales team and oversee the customer research and development laboratory. Hill joined NETZSCH in 1996. He most recently served as sales manager for the Mid-Atlantic region.
